FAMILY BACKGROUND

Mr. Murugan is from Panikankuppam village in Cuddalore district. His father Mr. Devarasu is a farmer and had to work very hard to earn their day. In school days Murugan was the rank holder and stood first in the higher secondary examination and due to the lack of proper guidance from his family side he was not able to select his career in right path at right time. After finishing his under graduate he completed his M.C.A .Though he finished his master degree his thirst towards learning additional skill did not diminish.

At right time he came to know about the free courses conducted by ni-msme through his friend who was the beneficiary of ni-msme. When he approached the co-ordinator of PMSSS for guidance, he channelized Mr.Murugan in right direction. He selected Mobile repairing course.

PRESENT STATUS

The valuable course completion certificate provided by ni-msme helped him to join as a trainer in C.S.C computer centre and earned Rs. 5000/- as monthly income. Later he invested a low principal of Rs. 25,000/- and started his own cell phone service centre in his place. He proved his ability by standing in his own legs. This living testimony helps us to identify the vital role of ni-msme in moulding the society into self-reliant society.

FAMILY BACKGROUND:

Mr. Kumar belongs to kurinchipadi village in Cuddalore district. The family has 3 members and his father alone was the earning member of the family. He lost his father long time back and since then the entire responsibility was on the shoulders of his mother. His mother had to work hard to meet their family's expenses including her only son's education. The family faced many huddles and struggles as the income earned by his mother was not sufficient to cater the family needs. Since Kumar was not financially capable to start his higher education, he started his career as a labour in a private company. To raise his family's income he was in search of some own business in low capital. At that time he came to know about the free training programs of ni-msme through PMSSS from an advertisement in newspaper. He approached the training centre, and the trainers informed him about the availability of many skill based programs at free of cost. After hearing all details of the programs Kumar was happy and decided to join in mobile repairing course. He attended the course regularly and was well equipped by the practical sessions.

PRESENT STATUS:

With the help of the training provided by ni-msme, Kumar started a mobile service centre at his house with an investment of Rs.28,000/- .Within one month he turned Rs.8,000/- as a monthly profit and now earns constantly Rs.7,000/- per month. Thus there happened a positive transfer from learning to earning which helped him to stand in his own legs. Now Kumar is filled with heart full of thanks to ni-msme. This real success of Kumar helps us to visualise the future society without unemployment.

FAMILY BACKGROUND:

Indira is 28yrs old, living in Thavalakuppam Village at Pondicherry. She is married and has two girl children. Her husband is doing money lending business at small level. Though she has completed her degree she did not have much confidence to join a job. With her husband support she started a small data processing unit in her home. But her income is not much. She was working harder. She felt that she wanted to have a business rather than knowing how to manage a business. She felt that she needed something more to achieve her goal. She came to know about the Entrepreneurship Skill Development Program Web Designing Course by NI-MSME organized by PMSSS.

She wanted to attend this class so that she could do more with media and technology. And she wanted to learn as much as possible about it. The entrepreneurship training in the class covered absolutely everything about how to start a business, all the steps to be taken to run a business: applying for a loan, using social media, budgeting for expenses, managing, accounting, and sales.

PRESENT STATUS:

Now she has started web designing and XML conversion work with her data processing unit. She networked with 2 Small IT companies in Pondicherry. They are providing the job and she is able to do it from home. Now she is getting Minimum Rs.7000 to Maximum 10000 per month depending upon the job work.
